

# SILK&CLEAN INTERNATIONAL

Since 1994, Silk & Clean International has been developing and marketing products for instantant convenient care of quality clothing and shoes.

We have the honour of co-operating with major companies and brands in the fashion trade, hotels, airlines and business-to-business. The head office is located in Nykoping, Sweden.

**Silk & Clean** is a cleaning tissue, which instantly removes oil, grease and other stains easily from silk and other luxury fabrics.

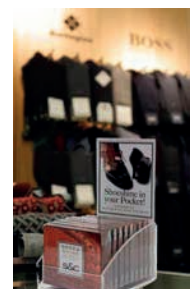

**Spotless & Clean** is an emergency stain removing pad that instantly removes coffee-wine-, fruit-, berries- and beetroot stains from wool, cotton and other clothing. An absolute "must have" in the traveller's pocket.

**Shoe & Shine** is the instant shoe shiner for quality shoes. It has a silicon-free formula, based on natural wax and only traditional ingredients. This makes Shoe & Shine the perfect instant shiner for exclusive shoes.

Silk & Clean and Spotless & Clean are the perfect amenities in the bathroom and in the coffee corner. Or as a service to the guests in the restaurants. The Shoe & Shine is perfect in the wardrobe together with the shoehorn. And they can be for sale in the Minibar with good profit for the hotel.

All Silk & Clean products are great items to be sold in the hotel's shops. When travelling, the stain removers as well as the shoe polisher is a perfect equipment to carry in the pocket or in the hand bag. When offered in the shops or the minibars, the value of the hotel gift becomes obvious (10-12 USD for a 5-pack Silk & Clean). This will also be a source for a good profit. The cost of a box is less than 2 USD and the sales price 5 to 6 times higher!

### Other ideas:

The Silk & Clean give many opportunities. A great idea is to enclose them with the hotel-bill. If you have special propositions – please contact head office and we will be more than happy to help you to realize your ideas:  
hotel@silkclean.com.
